Process for downloading of e-Admit Card by those candidates who could not update their application from 31-7-18 to 5-8-18

1. As already notified, the ICAR's 23rd All India Entrance Examination for admission to UG, PG & Ph.D. courses for the academic session 2018-19 will be held on **18th & 19th August, 2018** in offline mode (OMR Based) at **56 examination city centers** across the country. The list of examination city centers where the examination will be held is annexed. The process of f updating of application by the candidates which started on 31st July, 2018 has since been completed on 5th August, 2018. All those candidates who had applied earlier **but could not upload their details**, during this period for one or the other reason are advised that they may still appear in the examination.

2. (i) This will fulfil ICAR's commitment of permitting all the candidates to participate in the offline exam even if they could not participate in the updating process. Further, by making it available on net, there cannot be any claim that such candidates did not know about the process of obtaining admit card.

   (ii) When any such candidate will try to download his / her admit card, he/she will first be directed to the updating module (which was closed on 5-8-18). This updated information will be required in our forthcoming activities like result processing and counselling. He/she shall update all desired information except exam city centre. Opposite the Exam city centre field, the message "Exam city centre will be allotted as per ICAR's discretion" will be displayed. Just after submitting this updated application, a message will be displayed, "Please download yours admit card after 24 hrs." After our due confirmation, the admit card will be released for download.
